| Casual patient/ Holiday visitor- 15 mins appt | \$116.20                     | \$116.20                        | \$41.20                   | \$75                                  | \$75   |
| Casual Patient/ Visitor- Long appt            | \$179.70                     | \$179.70                        | \$79.70                   | \$100                                 | \$100  |

A standard consultation allows the discussion and management of 1 straight forward health issue (excluding mental health), lasting up to 15 minutes. We encourage patients wanting to discuss mental health matters to book a long consultation if available.

A long consultation allows the discussion and management of a more complex problem or 2 health issues, lasting between 20 – 30 minutes.

An extended consultation allows a comprehensive assessment and management of a complex problem/s, lasting up to 45 minutes.

We pride ourselves in taking the time to provide thorough clinical assessment and management of your health issues. You may be asked to book another appointment if all your issues cannot be thoroughly covered in your allocated time.

Repeat Scripts and referrals all require an appointment, including scripts owing to pharmacist

### Telephone consultations

| Appointment type/ Length | Your upfront payment-private | Your upfront payment-concession | Less your Medicare rebate | Your final out of pocket cost Private | Your final out of pocket cost-concession/child |
|--------------------------|------------------------------|---------------------------------|---------------------------|---------------------------------------|--|
| Short <6 mins phone      | \$53.85                      | \$43.85                         | \$18.85                   | \$35                                  | \$25   |
| Standard 15 mins- phone  | \$91.20                      | \$76.20                         | \$41.20                   | \$50                                  | \$35   |
| Long 20-30 mins- phone   | \$169.70                     | \$139.70                        | \$41.20*                  | \$128.50                              | \$98.50  |
| Extended 45 mins- phone  | \$264.40                     | \$212.40                        | \$41.20*                  | \$223.20                              | \$171.20                                       |

\*Phone consults over 20 minutes only attract a rebate of \$41.20 due to changes from Medicare on July 1st 2022.

| Appointment type/ Length | Your upfront payment-private | Your upfront payment-concession | Less your Medicare rebate | Your final out of pocket cost Private | Your final out of pocket cost-concession/child |
|--------------------------|------------------------------|---------------------------------|---------------------------|---------------------------------------|--|
| Short <6 mins- video     | \$53.85                      | \$43.85                         | \$18.85                   | \$35                                  | \$25   |
| Standard 15 mins- Video  | \$91.20                      | \$76.20                         | \$41.20                   | \$50                                  | \$35   |
| Long 20-30 mins- Video   | \$169.70                     | \$139.70                        | \$79.70                   | \$90                                  | \$60   |
| Extended 45 mins- Video  | \$264.40                     | \$212.40                        | \$117.40                  | \$145                                 | \$95   |

## Mental Health Consultations

| Appointment type/ Length           | Your upfront payment-private | Your upfront payment-concession | Less your Medicare rebate | Your final out of pocket cost Private | Your final out of pocket cost-concession/child |
|------------------------------------|------------------------------|---------------------------------|---------------------------|---------------------------------------|--|
| Mental Health consultation 30 mins | \$168.55                     | \$138.55                        | \$78.55                   | \$90                                  | \$60   |
| Mental Health Plan 30 Mins         | \$189.70                     | \$159.70                        | \$99.70                   | \$90                                  | \$60   |
| Mental Health Plan > 40 mins       | \$291.90                     | \$241.90                        | \$146.90                  | \$145                                 | \$95   |
| Mental Health Plan review          | \$128.55                     | \$113.55                        | \$78.55                   | \$50                                  | \$35   |

*Ideally mental health consultations require a long consult booking, due to their inherent complex nature. These consultations are charged at a different rate based on the Medicare rebate. You will incur out of pocket costs similar to regular consultations.*

## Other Procedures

| Appointment type/ Length                       | Your upfront payment-private | Your upfront payment-concession | Less your Medicare rebate | Your final out of pocket cost Private | Your final out of pocket cost-concession/child |
|--|------------------------------|---------------------------------|---------------------------|---------------------------------------|--|
| Implanon insertion                             | \$125                        | \$125                           | \$33.15                   | \$91.85                               | \$91.85  |
| Implanon removal                               | \$150                        | \$150                           | \$56.55                   | \$93.45                               | \$93.45  |
| Implanon change over (removal and replacement) | \$175                        | \$175                           | \$89.70                   | \$85.30                               | \$85.30  |
| Iron Infusion                                  | \$208.70                     | \$193.70                        | \$41.20                   | \$167.50                              | \$152.50                                       |
| Venesection                                    | \$167.95                     | \$152.95                        | \$67.95                   | \$100                                 | \$85   |

***Did not attend-*** a fee of \$50 for a stand consultation and \$70 for a long consultation
